Message From President Director of PT. Intra GolfLink Resorts

It gives me great pleasure to write a few lines for this special edition of the 6th Anniversary Souvenir Book. I welcome all members and guests to join us in the celebrations.

During the last 6 years New Kuta Golf has come a long way towards establishing itself as a top golfing destination in Bali, and also enhancing the overall development of Pecatu, an area that is mushrooming with new hotels. This augurs well for New Kuta Golf as well as Pecatu as a destination for golf and leisure.

Progress is a continuous thing and currently we are undertaking several improvements and renovation works at the club to keep up with the expectation of our members and guests. This is on going and in the coming years we hope New Kuta Golf will reach new heights.

Our efforts to improve and upgrade has not gone unrecognized. We have just been awarded the top three in Asia Pacific in golf course maintenance. The high cost of maintenance and the effort to maintain the golf course at such a high standard takes a very dedicated team of staff who sometimes work under adverse weather conditions.

Our appreciation goes to all our members for their continued support through their participation in golf and offering their time an expertise to assist the management team of the club on many activities through the years.

I also take the opportunity to express a big note of appreciation to the 6th Annual Celebrations Organizing Committee. They have dedicated considerable time and effort to plan the celebration as well as managing the event themselves. I also wish to thank all the staff for their effort in making their event a success.

Most of all my heart felt thanks also goes to all the sponsors and members for their support towards our 6th Anniversary Celebration.

Enjoy The Celebration and Have Fun

Bpk. A.R. Sofyan

5th Anniversary

New Kuta Golf

5th - 6th October 2012

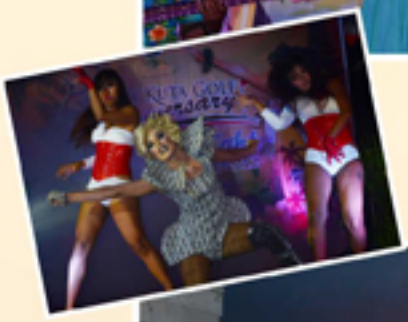

Message from General Manager New Kuta Golf

Greeting from New Kuta Golf!

New Kuta Golf celebrates its 6th anniversary on 26-27 October 2013 and time to reflect on how far we have come, in that 6 years we have received several accolades including the latests being awarded the top three well maintain golf course in Asia Pacific 2013/ 2014.
Earlier in 2010/ 2011 we were awarded the best course in Indonesia by the Ministry of Tourism.

There is no denying that this prestigious award enables us to stand shoulder to shoulder with the best .

We owe this to the contributions from our members, guests, visitors and not least our staff, especially our rank and file workers, some of whom we meet quite often as they are the front line service staff. Here we must mention the caddies who have done a fantastic job by providing our golfers with top class service.

We are very pleased with the progress we have made this far since the inception five years ago. The club has matured over the years to become truly international. That caters well for the club members, guests, visitors and continuously enhances the membership value.

As I have mentioned in my previous messages that we are constantly aware of the needs of our members, and to this extent we are currently undertaking several renovation projects.

The VVIP facility that was completed at the beginning of the year is very popular with our members and guests. The driving range covered stand also completed this year is used regularly by our members and guests. Together with this, the establishment of the Golf Academy has had a termendous impact overall. Members, guests and visitors have taken the opportunity to hone their golfing skills. Recently we renovated the lobby area to include and inviting registration counter.

While we endeavour to provide you the best possible facility and services. I also would like to request members and guests to assist us by following strictly some of the basic golf etiquette. Golfers should insist that the caddies rake bunkers, replace or fill up divots and repair ball marks on the greens. If every golfer adhered strictly to this then every one can have a good, enjoyable golfing experience. There is not much point in blaming the caddies.

I also wish to take this opportunity to thank our sponsors and well-wishes for their continous support. And finally I wish to thank the organizing community and all the staff for their effort in making the 6th Anniversary Celebrations a big success.

Play the game in the true spirit and tradition of golf.

Golf Instruction

SAVE PAR more Often

I've learned from playing in pro-ams that the biggest reason amateurs don't score better is that they don't get the ball close enough to the hole when playing from inside 100 yards. If you struggle in the scoring zone, try these three go-to shots to help you hit it closer and make more par saves.

1. CHIPS: ROCK YOUR SHOULDERS

I grew up in Scotland playing shots around the green with as little loft as possible. I learned that it gives you the best chance of getting the ball close-or knocking it in. To hit a chip-and-run, use a club with just enough loft to carry the rough or fringe, but don't go longer than a 7-iron. Take a narrow, slightly open stance, and lean left so your head and hands are closer to the target than the ball. Rock your shoulders back and through as if you're putting. The big key is to keep your wrists firm throughout the shot.(Above)

2. PITCHES: OPEN UP, AND CUT ACROSS IT

Sometimes you have to carry an obstacle; that's when I like to play a flop shot. It allows me to make an aggressive swing without worrying about hitting it too far. Address the ball just forward of center in your stance, then grip your wedge with the face open and align your body a little left of the target. Now make a swing that cuts across the ball along that line. The clubface will slide under the ball and pop it up. It's like a greenside bunker shot: The harder you swing, the higher and softer the shot. Keep that in mind the next time you have to get over some trouble.

3. SHORT IRONS: HIT IT THREE-QUARTERS

Instead of trying to max out my short irons, I control distance and direction by hitting three-quarte r shots. It keeps the bal l from ballooning. But a three-quarter shot doesn't mean taking a lazy swing. Make a good shoulder turn going back, and thro swing ugh the ball-- don't stop just past impact. I would describe it as the swing you would make when you first get to the range and start warming up. Grip down slightly, make a comfortable backswing, and turn smoothly through the ball.

Getting the Best Start

At The Golf Academy Bali we believe in giving every golfer the best start in golf and this extends right down to our very successful Junior Programme. Having been launched in the middle of January The Academy has grown its Junior Programme to about 35 Boys and Girls with ages ranging from 5 – 18 years old.

The Junior Programme is usually on a Saturday Morning but every school holiday we host a Junior Camp which gives the Juniors a full week of golf allowing them to improve at a faster pace. The last camp saw 7-Juniors embark on a 5-day Programme, which consisted of: 9 Holes every morning, Lunch and then skill acquisition. The week then cumulated in an 18-hole competition.

VERTICUTTING PUTTING GREEN

Putting green is a small area in size, but can make a big difference to the golf experience. The size may be only 2% of the golf course but the number of strokes we play can be up to 70%.

Component of the turf grass quality on the putting green wil depen on :

1. Uniformity
2. Smoothness
3. Firmness
4. Resiliency
5. Close mowing
6. Absence of grain

The superitendent tries to achieve the ideal condition above. One of the programs that we want to share here is verticutting.
Superintendents verticut the greens for a number of reasons such as :

1. Lift out lateral growth
2. Thin out the sward
3. Remove organic matter from intermediate turf base.
4. Improve putting speed

The problem with verticutting is that it can damage the grass and effect to the smoothness but it helps to get good resiliency, reduce grain and improve putting green speed. The key to do verticutting with minimal disturbance are the depth setting and timing. To get that, the superintendent need to know exactly his green condition, how deep the organic material and how aggressive the lateral growth of the grass are.

New Kuta Golf's greens are Bermuda evergreen grass, with aggressive lateral growth. We do verticutting every two up to five weeks interval. The depth of verticutting is variable from minus 3 mm to 0 mm (our putting green cutting height is 4.0 mm). With this program (End of May-August 2013), we reduce the scalping spot on the greens significantly and improve the green speed from 7'8" to 9'2".

We believe that our verticutting program (together with another program) will improve and maintain our putting greens quality and give good golf experience to our customer.

In our next edition, we will share another maintenance program that is needed to maintain good putting surface.

54 HOLES Challenge Why Not!

Congratulations to
Rory Young, Peter Manz, Putu Mahendra & Jon Dean
for having completed 54 holes of play in a total time: 8.52 hours

Rory Young
Handicap: 0
Nationality: British

1. Have you ever played before a 54 holes challenge? If yes, what was your best time before your new record and where did you achieved it?
I had played 54 holes many times as a junior but only for practice never for a time. As for the other guys I think the most they had done was 36 holes so it was a new challenge for them.

2. What is your preparation before a big challenge like this one?
Sleep....it was an early start (6:15 tee off) so best to try and get to bed a little earlier.

3. Are you satisfied with your time, 54 holes in 8,52 hours?
For the first time I would say yes. We played at a quick pace and played ready golf but we still looked for balls and got held up a little. So room for improvement.

4. What was your average score each 18 holes?
I averaged 74, I would have preferred a little less but the early start was my downfall. The others played well but struggled on the final 18.

5. Could you do it any faster?
Yes make more birdies... hahaha... The time we posted included a 30min stop for lunch and after that we were slow to get going again. We also took the last 18 easier as we knew we had completed our challenge... I think we can go below 8hours.

"It started off as just playing 54 holes but then grew into a timed challenge, it proves that playing slow doesn't mean playing better. in many cases it leads to worse golf as you over think the situation. We should all strive to play ready golf. We would also welcome any group to try and beat our time. "

1. Why did you join in the 54 hole challenge ?

Over the times I have played at New Kuta and other course one of the most annoyances that most golfers experience and complain about is slow play. At the end of June USGA launched its while we are young program. This comes from the famous line in the iconic Golfing movie "Caddyshack" In it Rodney Dangerfield played Al Czervik, a boisterous tycoon who constantly irked the pretentious members of the Bushwood Country Club in one of the scenes he is annoyed by Judge Elihu Smails (played by Ted Knight who is taking a long time to line and hit his Tee shot of the first Tee. Because it is taking so long Al Czervik says to the judge "Let's go ….while we are young……" So when I asked I thought that this challenge would be a great to prove that you still can really enjoy around and play at reasonable good pace and score well as well

2. Any Special moments during the challenge?

It was especially beautiful standing on the first Tee at 6:15 watching the dawn breaking across the golf course. After the first nine was completed in 1 hour and 23 minutes with a 42 gross I knew it was going to be a great day and I was even more inspired after the 18th with PB of 83 gross in 2 ¾ hours.

3. What was your average score each 18 holes?

My average score was 88 which were 2 over my handicap of 14 at the time. Not 3 putting would have helped the scores.

4. For a next time, would you do something different to be faster?

Yes keep the ball on the fairway and not in the rough……..No the way played was ready golf. Whilst be mindful of basic etiquette and pace of play guideiines

5. What are your goals for your golf career? Did you achieve them?

I really want to get to single figure handicap. That's my goal right now.

"The best thing about the day is that it showed that slow play does not improve your score"

Peter Manz
Handicap: 12
Nationality: Australian

1. What do you love about golf?
I like to be out door and have laugh and fun, where can you find those three things better than on a golf course.

2. Beside golf, what are your other hobbies and interests?
I like to swim and travel but I can also really enjoy cooking.

3. If you weren't in golf, what sport would you like to be in?
If Golf didn't work out for me I would probably be windsurfing.

4. What is your favorite course to play?
New Kuta Golf, in Bali and Snow Mountain.

5. What is your lowest score you have played?
My lowest score I've played is 77.

I Putu Mahendra
Handicap: 10
Nationality: Indonesian

1. When you were playing the 54 holes challenge, did you've in mind it's a challenge or did you see it as a normal game of golf?
For us there were two challenges:
a. Playing 54 holes is physically difficult. So one of the challenges was to do something physically challenging.
b. Another challenge was to play fast enough to finish 54 holes.

Note: One of the discussions we had before we started was, we wanted to use the 54 hole challenge to show people that it is not necessary to play so slow. Slow play is one of the big problems in golf. If you look at the times from our 54 holes, we played about 3 hours for each 18 holes (or faster!). I think that is a very good lesson for everyone.

2. How was your feeling after you achieve this 54 holes challenge?
After we finished, I was happy that we played such good quality golf and completed 54 holes in such a good time.

3. Do you think New Kuta Golf is an easy course? Especially for this 54 holes challenge?
New Kuta Golf is not an easy course. It is a bit easier for us because we play there many times and we know the course well. I think for visitors, it is much more difficult. Of course, the difficulty changes with different tee boxes, so a golfer can always choose an easier tee box if the course seems difficult.

4. What was your average score each 18 holes?
I'm sorry, I forget what my scores were, I don't have the scorecards. I remember I played ok but not great. I think I averaged maybe around 85 for each 18 holes (13 over par). Since my handicap is 8, that means I played about net 77 for each 18 holes.

5. Did you do any preparation or you know the golf course that well that you don't need a preparation for a challenge like this one?
For this challenge, our preparation was not about the course, it was about timing and coordination. First thing we did was make sure we had the first tee time of the day for the first 18 holes. That allowed us to play very fast with nobody in front of us. We were very lucky that day, for the entire day, the course was not busy. I think the most important physical preparation was: Good sleep the night before we played, and big breakfast!

"For me, the biggest message from this challenge is: 18 holes of golf should not take 5 hours! We averaged about 3 hours for 18 holes and we played normal golf, followed the rules, and kept proper score. The important thing is: be ready to swing when it is your turn. If you need help from your caddy, ask her as soon as possible. If each golfer can play one minute faster on each hole, that is 4 minutes faster for a group of 4. after 18 holes, that is 72 minutes! Now the 5 hour round of golf is less than 4 hours!"

Garuda Indonesia Golf Loyalty Tournament 2013

To show appreciation to Garuda loyal customers, Garuda Indonesia organized a series of golf tournaments under Garuda Indonesia Golf Loyalty Tournament 2013. This event was the only golf tournament in Indonesia with 10 cities participating in the series. The participating cities in chronological order are Bandung, Yogyakarta, Surabaya, Medan, Denpasar, Makassar, Jakarta, Balikpapan, Batam and Semarang. From each city, five finalists will be selected and sent to Kunming Field China the best golf field in Asia to compete on October 19th and 23rd for the final round. The finalists from Bali are: Nugroho Kristanto, I Gusti Agung Ngurah Raka, Kasan, Mahmud and Akni Kalijaga.
While competing in the tournament, do not forget to set aside some time to explore the participating city. Check out the nearest tourism attraction, try the most well-known local food and get to know more about the culture. Held in 10 (ten) cities, this tournament is the perfect opportunity for you to learn more about Indonesia, the country rich with awesomeness and delights.

Bali Weakend Warriors

Regular special event every Saturday, semi shotgun start at 1 pm, 18 holes stable ford event. Medal every last Saturday at the end of the month. The tournament includes: Hole In One, Lucky draw prizes, buffet dinner and live music.

New Kuta Golf World Cup Charity 2013

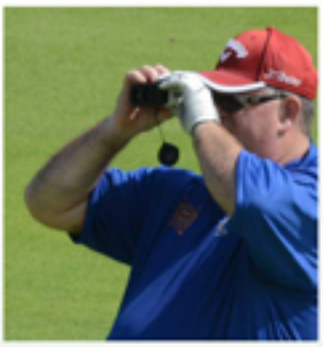

We express our deepest thanks to all members, guests, friends, sponsors and well wishers on our annual event "New Kuta Golf World Cup Charity" on May 18th 2013. Generous gifts from donors and sponsors like you provide the financial and moral support needed to continue our mission. Your commitment to helping us in our community is sincerely appreciated.

Each year New Kuta Golf continues to advance its mission of World Cup Charity. Through our programs New Kuta Golf World Cup Charity 2013 we have seen many lives change for the better.

Special thanks and appreciation goes to Mark Burge our club member who has kindly donated Rp. 100.000.000 rupiah. You've demonstrated your deep commitment to our work of raising funds for the needy. However, the support of donors like all of you is helping our programs to make it possible to help: ***Bali Life Foundation, SLB-B "The Deaf School in Bali", Dria Raba Foundation "Blind School".***

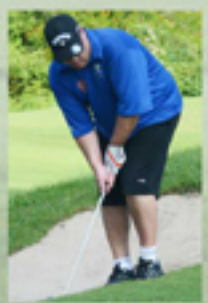

There is no way to fully express our gratitude for your loyalty. We at New Kuta Golf are continually inspired by the dedication and generosity. Next year we will hold this event again on May 24th 2014.

funky Beach Party

Palm Hill yang berdiri di atas lahan 85 Ha ini pernah mengukir sejarah menjadi tuan rumah Ladies Indonesia Open pada 2012 lalu. "Kedepan, kami akan sering mengadakan turnamen dan beberapa turnamen charity dilapangan sendiri, Palm Hill dan New Kuta Golf". Yang terdekat adalah event yang akan diadakan New Kuta Golf, Bali yang terkenal dengan New Kuta Beach nya, pada 26-27 Oktober 2013 mendatang. Dimana perayaan kali ini mengangkat tema "Go-Green" sebagai bukti kepedulian New Kuta Golf pada campaign program penghijauan. Ungkap Direktur Utama PT. Intra GolfLink Resorts, Bapak AR. Sofyan.
